EDUCATION

London South Bank University *Sep 2019 – Jun 2022*
BSc (Hons) Information Technology, First Class Honours

Honours Project:

- Developed an 'Academic Networking Web Application' which matched university students with their peers, based on their shared interests. The app allowed students to connect, collaborate, and share information with other students from across the university
- Created using HTML/CSS, JavaScript, PHP, MySQL, and designed using Adobe XD
- Scrum methodology from the agile software development philosophy was also used

Relevant Modules: Developing Applications, Web Technologies, Content Management & Development Frameworks, Big Data & Database Systems, Systems & Cyber Security

Awards:

- Recipient of the 'Highest Achievement' award for the course, in recognition of my exceptional commitment and diligence in pursuing academic excellence
- Received the 'IET Entrepreneurial Skills For Engineers' award for completing the IET skills course. The course gave insights into the skills and knowledge required to creatively develop an idea from concepts through to a new product or service

St Bonaventure's Sixth Form *Sep 2017 – Jun 2019*
A-Levels

Grades: ICT Cambridge Technicals (Distinction *), Psychology (A*), Geography (B), EPQ (A)

EXPERIENCE

Plentiful Foods Indian Spice Ltd (London, UK) *Jun 2021 – May 2022*
Website Content Assistant

- Edited and optimized images using Photoshop, improving the quality of product visuals, which enhanced the overall look and feel of the website, resulting in a 20% increase in website traffic
- Created and managed a comprehensive product database in Excel, ensuring accurate product information was readily available and easily accessible, leading to a 20% increase in efficiency
- Collaborated closely with the website developer and shop owner to ensure all content aligned with the business objectives, which resulted in an increase in brand awareness

Childnet International (London, UK) *Sep 2014 – Jun 2017*
Digital Leader

- Hosted successful e-safety assemblies and workshops for over 500 students, providing practical tips and advice on how to stay safe online, with 90% of attendees reporting increased knowledge and confidence in their online safety
- Completed an online training course to become a qualified Digital Leader, acquiring knowledge and skills in digital safety and cybersecurity, resulting in a 100% score on the certification exam

- Coordinated with teachers and parents to raise awareness of online safety, resulting in a 50% increase in parental engagement in digital safety discussions

East Thames Limited (London, UK) *Sep 2016 – Sep 2016*
Clerical Assistant – 1 Week Work Experience

- Utilized typing and word processing skills to effectively manage and update computer information, resulting in an error-free database
- Collaborated with multiple teams across the housing association, resulting in an efficient and well-organized workplace
- Accurately entered repair orders into the system, with a 100% accuracy rate, contributing to the efficient and effective maintenance of properties

EXTRA-CURRICULAR

- Delivered a comprehensive CS/IT course insight talk to over 30 students, highlighting the advantages of the program and addressing any questions related to the course. This experience allowed me to improve my public speaking skills while sharing my knowledge with current students
- Provided teaching assistance to over 30 second year IT students, guiding them in the ideation and development of websites for their assignments. This role gave me the chance to apply my skills in a practical setting while supporting fellow students in achieving their academic goals
